Professional Solutions

PROTECTO SEAL 45 is a quick and simple solution to fix leaks.

Protecto Seal 45

75mm, 100mm, 150mm wide x 15m rolls.

PROTECTO SEAL 45 can be used as a permanent waterproofing membrane or as a temporary quick fix solution for leak repairs.

PROTECTO SEAL 45 is an SBS rubberised membrane adhered to a white aluminium sheet. Just cut to size, peel off the backing paper and stick to the prepared surface.

Surfaces must be clean and dry. To enhance adhesion use in warm conditions and with Protecto Tak Primer.

PREMIUM ENERGY SILL SEALER is an air and moisture barrier for under doors and windows.

Premium Energy Sill Sealer

88mm x 7.5m roll or
140mm x 7.5m roll

PREMIUM ENERGY SILL SEALER consists of an SBS Modified asphalt adhesive base with a 6mm thick closed cell foam top which conforms to irregularities in the substrate to seal under bottom plates, doors and windows.

PREMIUM ENERGY SILL SEALER can be used in conjunction with Protecto Wrap Sill System.

PREMIUM ENERGY SILL SEALER adheres to most substrates, however to enhance adhesion use Protecto Tak Primer.

PREMIUM ENERGY SILL SEALER is not UV stable and should be covered within 4 weeks of installation.

PRO-KICKOUT is a One Piece Stop End Flashing that diverts water into the guttering at wall and roof junctions.

Pro-Kickout

Left hand and right hand
kickout flashings
available.

The **PRO-KICKOUT** flashing is installed above the guttering and fixed under the apron flashing where the roof meets a vertical wall.

PRO-KICKOUT creates a downward and outward water flow off the roof and away from the wall, preventing water intrusion at roof to wall intersections.
